Abstract: The "UACE2023" is the new edition of a series of Conferences started in 2005 by Leif Bjørnø and John S. Papadakis under the title UAM - 'Underwater Acoustic Measurements: Technologies and Results', (Heraklion in 2005 and 2007 - Nafplion in 2009 - Kos in 2011). In 2013, UAM was merged with the European Conference on Underwater Acoustics (ECUA) which was initiated by the European Commission in 1992 and the title changed to UACE- 'Underwater Acoustics Conference and Exhibition'. Under this title, the first five Conferences were held in: Corfu (June 2013), Rhodes (June 2014), Chania, Crete (June 2015), Skiathos (2017) and Hersonissos Crete (2019). In 2021, due to the pandemic the conference was held virtually.

You can alter the Abstract Title and the Abstract by simply editing the text in the corresponding fields. Please note that only slight adaptation is permitted. You can alter the texts in the remaining fields in the same way. Please proofread your text carefully before submitting. Abstracts and Full Papers will appear online exactly as submitted, i.e., no corrections, additions, revisions or deletions will be made by the Organising Committee. FULL PAPERS will be included in the Conference Proceedings and in the online database on the UACE2023 site.

To upload a full paper, click on the “upload” button in order to browse your computer. Locate the file to be uploaded and click “Open”. Papers (in pdf format) should be prepared according to the template provided in the Authors Area. Papers that exceed eight (8) pages or 5MByte will not be accepted for publication.
