

## INVITATION TO EXHIBITORS

The 8<sup>th</sup>

# Underwater Acoustics Conference & Exhibition (UACE2025)

Halkidiki, Macedonia, Greece  
15-20 June 2025

The conference and exhibition is organized in co-operation with CCBS Greece

The 8th Underwater Acoustics Conference & Exhibition (UACE2025) will be held in Halkidiki, Greece between Sunday 15<sup>th</sup> and Friday 20<sup>th</sup> June 2025. The conference venue will be the Porto Carras Grand Resort (<https://www.portocarras.com>).

The conference will comprise a prominent series of structured and regular oral sessions with invited and contributed papers given by leading international scientists. The structured sessions will be organized by key persons actively engaged at the forefront of research in underwater acoustics

An exhibition by leading international manufacturers of state-of-the-art technologies, equipment and services for underwater acoustic measurements, surveys and control of underwater processes will form an integrated part of the conference and will be arranged in the most central area of the conference space. Since the conference participants include several senior decision makers in exploitation of underwater acoustics as well as top scientists in this area, the exhibition forms a very important opportunity for hardware and software manufacturers and for providers of consulting and scientific services to meet with their customers during the exhibition. Like the conference, the exhibition will focus on an audience representing the civil, the commercial and the military sectors involved with all aspects of underwater acoustic measurements and technologies.

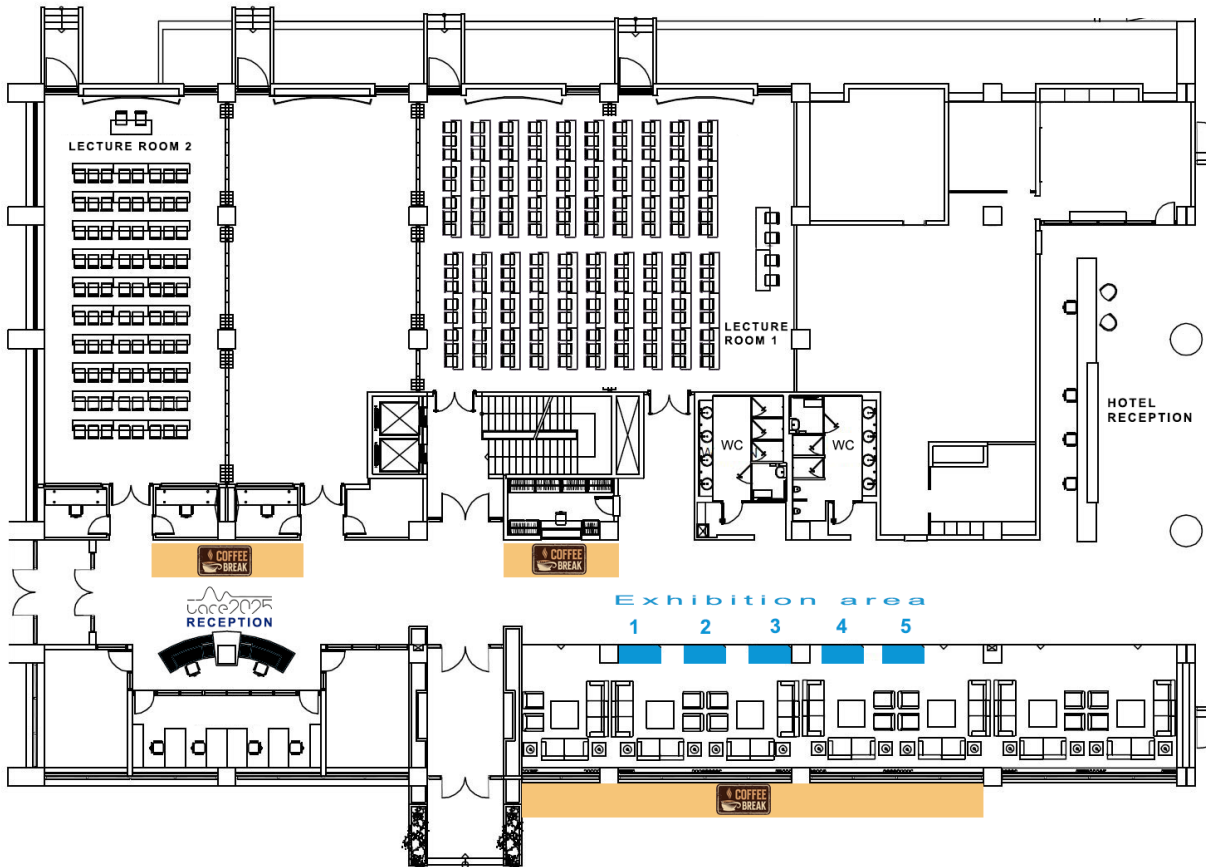

It is a great pleasure for me, on behalf of the Organizing Committee, to invite your company to exhibit your products or services at the conference.

Looking very much forward to meeting you in Halkidiki in June 2025.

On behalf of the Organizing Committee

Prof. Michael Taroudakis

The exhibition area is located in the same space where coffee and refreshments during breaks will be available, near the access to conference rooms.

Poster sessions will also be held in the same area. This will give the exhibitors the very best opportunities to make effective contacts with customers from all over the world.

Each stand will be equipped with one table and two chairs, 220 V electricity and internet connection (wireless). If more tables and chairs are required, please contact the Conference Secretariat. Each stand will be entitled to one free registration, while all other personnel attending the conference must register as regular conference delegates. Exhibitors may attend conference papers provided their stands stay manned. Extra tickets for the social events may be bought at the Registration Desk.

**Price for one stand: 1.600€** (excl. VAT, 24% VAT will be added on the invoice to be sent to your company).

Please note, that all stands are sold according to “first come first”.

Booking of stands can be made by filling in the exhibition space order form enclosed and returning the form to the Conference Secretariat.

## EXHIBITION SPACE ORDER FORM

### 8th Conference and Exhibition on **Underwater Acoustics**

Company/Organization: \_\_\_\_\_

Name \_\_\_\_\_ Job Title: \_\_\_\_\_

Business address: \_\_\_\_\_ Zip/Postal Code: \_\_\_\_\_
